

DECLARATION FOR ADVANCED THERMOREGULATION SYSTEMS

FONDITAL S.p.A.
having its registered office in
Via Cerreto, 40
25079 Vobarno (BS) - Italy

Hereby states under its own responsibility that the products:

» **READY REMOTE (0CREMOTO08)** Remote control for boilers

is an advanced thermoregulation system belonging to class V according to the Communication of the European Commission 2014/C 207/02.

This product combined with external temperature detection systems **0SONDAES01**, become an advanced thermoregulation system belonging to classes VI, as per the following table, according to the Communication of the European Commission 2014/C 207/02.

Temperature controls	Class	Definition (According to Communication 2014/C 207/02)	Contribution to energy efficiency ^(*)
READY REMOTE	V	Modulating room thermostat, for use with modulating heaters.	3%
READY REMOTE + 0SONDAES01 (outside temperature sensor)	VI	Weather compensator and room sensor, for use with modulating heaters.	4%

^(*) Contribution of temperature controls to seasonal space heating energy efficiency.
