冷凝式两用壁挂炉

100%意大利制造

A white, rectangular Fondital Duetto boiler unit. The brand name 'fondital' is printed in red on the upper front panel. Below it, the model name 'Duetto' is visible in a small red oval. The bottom of the unit features a control panel with a digital display, several buttons, and a pressure gauge on the right side.

-
- A detailed view of the internal components of a Carrier HVAC unit. The image shows the compressor, condenser coils, and evaporator coils. The condenser coils are on the right, and the evaporator coils are on the left. The compressor is at the bottom right. The unit is mounted on a metal base.
